

I am the Chief Executive Officer of the world's largest CEO membership organization, Vistage Worldwide. We have over 22,000 members across the globe and we manage a network of over 1000 speakers. Boaz has spoken to over 1500 of our groups all over the world, and he consistently ranks at the very top of all speakers. In fact, he was recently named as Speaker of the Year. Boaz continues to be the most sought after speaker among all of our members.

Boaz has the unique ability to deliver compelling programs that bring immediate value to each and every individual. It is not often that you will see a motivational speaker go around the room person by person and help them develop a tag line for their business on the spot! His insights and positive outlook leave people feeling confident, energized and hopeful. As the leader of Vistage, Boaz has truly become a treasure to our entire community because everywhere he goes he leaves people better off than they were before they met him.

Sincerely,

Sam Reese
Chief Executive Officer
Vistage Worldwide, Inc.
